320. **Other Defects/Material Facts:** Are there any other material facts that could adversely and significantly affect an
321. ordinary buyer's use or enjoyment of the Property or any intended use of the Property? Yes No
322. If "Yes," explain: _____
323. _____
324. _____
325. _____
326. _____

327. **P. WATER INTRUSION AND MOLD GROWTH:** Studies have shown that various forms of water intrusion affect
328. many homes. Water intrusion may occur from exterior moisture entering the home and/or interior moisture
329. leaving the home.

330. Examples of exterior moisture sources may be:

331. • improper flashing around windows and doors,
332. • improper grading,
333. • flooding,
334. • roof leaks.

335. Examples of interior moisture sources may be:

336. • plumbing leaks,
337. • condensation (caused by indoor humidity that is too high or surfaces that are too cold),
338. • overflow from tubs, sinks, or toilets,
339. • firewood stored indoors,
340. • humidifier use,
341. • inadequate venting of kitchen and bath humidity,
342. • improper venting of clothes dryer exhaust outdoors (including electrical dryers),
343. • line-drying laundry indoors,
344. • houseplants—watering them can generate large amounts of moisture.

345. In addition to the possible structural damage water intrusion may do to the Property, water intrusion may also result
346. in the growth of mold, mildew, and other fungi. Mold growth may also cause structural damage to the Property.
347. Therefore, it is very important to detect and remediate water intrusion problems.

348. Fungi are present everywhere in our environment, both indoors and outdoors. Many molds are beneficial to
349. humans. However, molds have the ability to produce mycotoxins that may have a potential to cause serious
350. health problems, particularly in some immunocompromised individuals and people who have asthma or allergies
351. to mold.

352. To complicate matters, mold growth is often difficult to detect, as it frequently grows within the wall structure. If you
353. have a concern about water intrusion or the resulting mold/mildew/fungi growth, you may want to consider having the
354. Property inspected for moisture problems before entering into a purchase agreement or as a condition of your
355. purchase agreement. Such an analysis is particularly advisable if you observe staining or musty odors on the
356. Property.

357. **Q. NOTICE REGARDING PREDATORY OFFENDER INFORMATION:** Information regarding the predatory
358. offender registry and persons registered with the predatory offender registry under MN Statue 243.166
359. may be obtained by contacting the local law enforcement offices in the community where the property
360. is located or the Minnesota Department of Corrections at (651) 361-7200, or from the Department of
361. Corrections web site at www.corr.state.mn.us.
