## CHAPTER 15

### Private Sewage System Ordinance

- The purpose of the PERMIT is to allow the installation of a non-plumbing system or the reconnection to an existing system as described in the Application For Permit.
- The approval of the permit is based on regulations in force on the date of issue.
- The PERMIT is valid for one (1) year from the original date of issuance and may be renewed for similar periods; therefore application for renewal shall be made through the County and shall comply with regulations in effect at that time.
- Changed regulations will not impair the validity of a Sanitary Permit until the time of renewal.
- The PERMIT is transferable. A Transfer Permit Form shall be obtained from the County.
