OF DEDUCTION TAXES IN EXCUSIONE FOR THE DAVIDED FOR A FOREST AND EDGE AND ASSUMED FOR
compliance with certain conservation practices. Orders designating lands as managed
forest lands remain in effect for 25 or 50 years. When ownership of land enrolled in the
managed forest land program changes, the new owner must sign and file a report of the
change of ownership on a form provided by the Wisconsin Department of Natural Resources (DNR) and pay a fee. By filing this form, the new owner agrees to comply with
the management plan for the land and the managed forest land program rules. The DNR
Division of Forestry monitors forest management plan compliance. Changes that a
landowner makes to property that is subject to an order designating it as managed forest land, or to its use, may jeopardize benefits under the program or cause the property to be
withdrawn from the program and may result in the assessment of penalties. For more
